

## Direct Version 2 – 19 December 2018

Thank you for choosing Apollo for your next holiday. We look forward to providing you with a fun, simple, safe & adventurous holiday experience you will remember.

Here are the details you need to know when planning for the year ahead.

### Valid 1 April 2019 – 31 March 2020

- For available products and vehicle specifications please visit our website at [www.apollorv.com](http://www.apollorv.com)
- Rental nights are calculated on a 'per night' basis.
- Rates are in US dollars and do not include taxes
- Not all rates and terms apply to group bookings. Group bookings consist of four or more RVs travelling together and should be directed to [info@apollocamper.com](mailto:info@apollocamper.com)
- For ease at pick-up please specify the correct number of guests (and ages of children if applicable) and contact details on your booking.

### Multiple Rentals

We love to reward our long-term road trippers so consecutive rentals, within a 3-month period, in Europe, United Kingdom, United States of America, Australia and New Zealand on Star RV, Apollo, Cheapa Campa and Hippie can be combined to obtain a long-term discount rate. If drop-off of an RV and pick-up of a new RV occurs on the same day, then a day will be charged for each RV. Multiple rentals are considered separate rentals under the one-way fee and minimum rental period conditions apply.

### Driver License and Minimum Age

Drivers must be 21 years of age. A current and full motor vehicle driver's license is required to be shown by all drivers at time of pick-up. If the driver's license is not in the English language, then an international driver's license is recommended. An accredited English translation will be accepted in lieu of an international driving permit. The driver's license must have been held for at least two years and be valid for the whole length of the rental. The original driver's license must be shown at time of pick-up with the driver is present.

### Early Bird Discounts

- Reservations made before 31 December 2018 - 5% off flex rate.

Early payment is not required in order to apply the Early Bird Discount. Early Bird Discounts can be combined with the Long-Term Discounts. The Early Bird Discount applies to the Value Pack.

### Booking Alterations

At Apollo we understand that sometimes things change. If this is the case, any changes made to a booking will be calculated by using the higher one of two rates, either the original Flex Rate or the Flex Rate current at the time of booking alteration.

The following are considered as a booking alterations:

- Change of name
- Change to pick-up or drop-off dates
- Change to pick-up or drop-off branch location
- Change of RV category
- Change of rate scheme including special rates

If the rate scheme or RV category is changed, this is considered a new booking and cancellation fees may apply to the original booking.

If there are any last-minute alternations made within 14 nights of pick-up, we will be happy to accommodate these. However due to the short notice, if the holiday is shortened, the number of nights originally booked will still be charged.

If the pick-up or drop-off location is altered within 14 nights of pick up, a relocation fee may also apply.

### Change to the Drop-Off Location after Pick-Up

If you wish to change your drop-off destination after pick-up, please get in touch with our friendly Reservations team who will be happy to help. Our team will advise if the change is possible and a fee of \$750 may apply.

### Extending a Road Trip

If you get swept up in the adventure of a road trip and want to extend your booking while on the road, please contact our friendly Reservations team who will be happy to advise if the extension is possible, and inform you of the costs associated. To secure an extension, the extra costs (calculated on the current rate of the day), will need to be paid by credit card inclusive of all taxes and surcharges, either over the phone or at an Apollo Branch at the time of extension. Of course, any long-term discounts in place will continue to apply to the booking.

We will always do our best to accommodate any extensions however they are subject to availability of our fleet.

**Change of RV**

We understand guests’ needs are different and therefore our RVs can be requested by category, rather than by make or model. We always do our best to accommodate requests; however should the RV booked be unavailable due to unforeseen circumstances, we will substitute the booked RV with an alternative available RV at time of pick-up at no extra cost. Any changes made to the booked RV and agreed to by you do not entitle you to a refund.

In the event of no alternative RV being available to you, Apollo's liability is limited to a refund of the hire charge or in the case of mechanical failure (unless caused by you) the remainder of the hire period.

**Pre-register Online**

Guests have the ability to register online in advance on [apollocamper.com/registernow](http://apollocamper.com/registernow). By completing the required pick up information ahead of the pick-up date, you will experience a smoother and quicker RV collection process.

**Getting to and from the Airport**

Branches are conveniently located near major airports, making pick-up and drop-off even easier for you. You can arrange transport to and from the airport via taxi or rideshare. For all StarRv bookings, Taxi/rideshare fare from the nearest Airport will be reimbursed on the day of pick-up, for up to US\$70 (receipt must be presented for reimbursement).

**RV Introduction and Show Through**

On pick-up, our staff will provide you with a thorough RV show through with all the necessary information you need to know about the interior and exterior features of your RV. This ensures you are comfortable and confident with the RV before you start your road trip.

Awnings are factory-fitted to units for later sale. We do not provide instructions for these and we do not promote the availability of awnings for guest use. In the interests of minimising damage and costs of repair for guests, awnings are disabled from use.

**Booking Duration**

A road trip allows you to travel at your own pace. To ensure you get the most out of your holiday a minimum five-day booking applies when pick-up and drop-off is from the same branch location. Minimum booking periods may also apply during peak periods.

**One-way Booking Duration**

Road-trips don't always finish where they started, some of the best adventures don't. If you drop-off at a different branch location from which you picked-up, a minimum booking period and one-way fee applies. The minimum booking periods and fees in \$USD for one-way bookings are detailed below. One-way rentals are not available from or to Anchorage.

**Travel Restrictions**

Not all RVs are suitable for all driving situations, so it's important the right RV is chosen for the trip planned. Apollo at its discretion, may restrict RV travel in certain areas due to adverse road or weather conditions, and the distance to nominated destinations in relation to the length of the rental period. For the safety of guests, the following travel restrictions are in place:

**Prohibited Travel Areas**

Travel in the following areas is strictly prohibited at all times:

- Logging and non-public roads.
- Any and all unnumbered roads and highways.
- Denali Highway in Alaska
- North Canol Highway in the Yukon
- Dalton Highway (north of Livengood)
- Eagle, Alaska (Hwy 5 north) from the junction of Hwy 9 (Top of the World Highway) and Hwy 5 west
- McCarthy Road between Chitina and McCarthy, Alaska
- Highway 500 (Trans Labrador Highway) from Goose Bay to Labrador City
- Highway 389 from Labrador City to Baie Comeau
- Highway 510 from Red Bay to Happy Valley-Goose Bay

- Highway 167 north of La Doré
- Highway 109 and Baie James Road, Quebec
- Vehicles are not permitted to enter Mexico at any time.
- Manhattan: Due to restrictions on RV heights, propane gas and parking, RV's with propane are not permitted in Manhattan and are not permitted to travel through any underground or underwater tunnels.

#### Travel Restricted Areas

- Travel to Death Valley is limited to the low season (1 October through 30 April) due to extremely high temperatures which can cause system failures.
- Travel on the Dempster Highway in the Yukon is not permitted between 15 September and 14 May due to road conditions. We are happy for our Guests to travel on this road between 15 May and 14 September.

Guests assume all responsibility for any expense or loss of time while traveling in restricted areas.

#### Returning the RV

The RV is a home away from home and for comfort, we recommend it's kept tidy throughout the road trip. The RVs need to be returned to the branch as they were taken, with the interior cleaned, holding tanks emptied and the fuel tank full. The RV exterior does not require cleaning unless it's covered with excessive dirt or mud, making it difficult for our team to see its return condition.

#### Repairs

We understand that while on holiday the RV may require small repairs or small items included in the kitchen kit may need replacement. So not to disrupt the road trip any further, if the damage was not caused by you, repairs up to \$100 can be completed without authorisation and will be reimbursed. If repairs over \$100 are needed, the Apollo Assist team needs to be informed prior to repair being completed.

All RVs are covered for 24hr mechanical emergency roadside assistance.

#### Infringements, Tolls and Fines

Apollo will pass on any charges you receive for traffic infringements, toll way or parking fines during your road trip. No one likes unexpected surprises or additional administration fees, so we'll only pass on the exact amount of the fine or charge received.

#### Animals

Service animals are allowed to travel in our RVs with prior permission from Apollo but pets are not permitted. A penalty of \$500 will be imposed for pets inside the RV to cover the costs of sanitizing and cleaning.

#### Smoking

Our RVs are a smoke free zone. Smoking is not allowed in any of our RVs. A penalty of \$500 will be imposed for smoking inside the RV to cover the costs of sanitizing and cleaning.

#### Payment at Branches

For security reasons, Apollo accepts Credit card and Debit card for charges paid on RV pick-up and drop-off. We do not accept cash at Apollo branches. The \$1,000 Security Deposit is payable at pick-up by Credit card and cannot be paid with a pre-paid credit card.

#### Credit Cards

We accept Visa, MasterCard, American Express and Diners Club.

#### Travel Insurance

For peace of mind, we strongly recommend that all guests take out the highest level of private Travel Insurance.

**Protection Package**

**Public Liability Insurance**

Public Liability Insurance is included in the nightly rental rate. The public liability insurance that covers the registered drivers is only up to the statutory limit as stipulated by law of the State you are in at the time. This insurance amount is normally very low. For a higher insurance amount refer to the Supplemental Liability Insurance offered as a value added service.

**Property Damage**

You are responsible up to the amount of US\$1,000 for the cost of damages to the rented RV. You are also responsible for the cost of demurrage for the period the RV is unavailable due to repairs. The Liability is applicable regardless of who is at fault and must be paid at the time the accident is reported to Apollo, not at the completion of the rental period.

**Standard Liability**

Apollo’s rental charge includes a Standard Liability of US\$1,000.

A security deposit of US\$1,000 will be collected at the time of entering into the Rental Contract. The US\$1,000 will be charged to the credit card account immediately.

**Security Deposit**

For security purposes, only a credit card can be used to provide a security deposit. The credit card holder must be present and able to sign for the security deposit upon RV collection. The credit card holder must be the main guest on the Rental Agreement as they are jointly and severally liable for any damage to the rental RV.

The security deposit is fully refundable when the RV is returned to the correct location on time, is full of fuel and all other terms of the Rental Contract have been complied with. If there is damage to the RV on its return, the security deposit will be used to cover the cost of such damage up to the amount of the relevant Liability. However, if the terms of the Rental Contract are breached and the security deposit is insufficient to cover the damage, extra costs will be charged.

Security deposit rollovers are permitted for Apollo multi hires only within the same country where the security deposit is charged.

**Exchange Rate / Currency Variations**

All transactions are conducted in US dollars. Due to exchange rate fluctuations, there could be some variance in the amount refunded compared to the amount initially charged. Refunds by credit card can take up to 14 working days depending on your Financial Institution.

**Burning Man Festival (1<sup>st</sup> to 24<sup>th</sup> August 2019)**

An additional surcharge of US\$1500 (Apollo vehicles) or \$2000 (StarRV vehicles) will apply for any pick-ups between August 1 and 24 2019 attending the Burning Man Festival. Intention to travel to Burning Man must be advised at the time of booking. Dates are correct at the time of release and are subject to change.

**Colorado Road Safety Fee**

A surcharge of US\$2 per night (maximum US\$90 per booking) applies to all rentals picking up from the Denver branch.

**New Jersey State Rental Security Fee**

A surcharge of US\$5 per night (maximum US\$140 per booking) applies to all rentals picking up from the New York branch.

**Value Pack (applicable for Apollo bookings only)**

The Value Pack is a bundled extra which provides basic items necessary for a great road trip. The minimum amount payable per rental for Value Pack is five nights and the maximum amount payable per rental and multiple bookings is 50 nights.

\$ per night	Minimum per segment	Maximum per segment	Inclusions
US\$83.75	US\$418.75	US\$4,187.50	Unlimited miles, administration fees/taxes on items included in the value pack, personal kits, vehicle preparation fee, camp chairs and table, and child restraints (with prior request).

**Administration Fees / Taxes (Included in the Value Pack and Star Pack for Star RV Bookings)**

A charge of 10.5% of the total cost will be levied to cover administration fees, government taxes, duties and other associated costs. Administration fees can be either prepaid or paid at the rental counter on collection of the RV. This fee will always apply to the RV charge.

**Calculation on Administration Fees / Taxes when Value Pack has been selected:**

Value Pack includes Administration Fees/Taxes on items included in the Value Pack. This does not include the daily rental charge of the RV.

For example: RV = \$1131, Value Pack = \$1,088.75, TravelTab Navigator+ = \$130 therefore the 10.5% Administration Fees/Taxes will be \$132.41 (10.5% of RV and TravelTab Navigator+).

**RV Preparation Fee (Included in the Value Pack and Star Pack)**

A fee of US\$185 applies on pick up of the RV to cover the RV preparation and equipment. This includes all pre-cleaning and mechanical servicing, 1<sup>st</sup> tank of propane gas, initial set of toilet chemicals and 1 roll of toilet paper.

**Winterization**

All motorhomes must be winterized when travelling in freezing conditions. This includes the water pipes, toilet, fresh water tanks, sinks, shower, water filter, water heater and all holding tanks. Winterization requires that the water be drained from the fresh water tank, water pipes, water filter, water heater and all waste tanks.

Once the RV is winterized, no water can be put into the fresh water tank and it cannot be hooked up to the city water supply. Therefore, no water is available in the motorhome. The toilet can be used only if non-toxic RV antifreeze is used to manually rinse and flush. RVs picking up from a branch where the temperature is 35 degrees Fahrenheit or below will be winterized.

It is your responsibility to have the RV winterized while on a trip at your own expense should the weather conditions require. You are also financially responsible for having the RV re-winterized on the return trip if the RV was winterized at the time of pick-up. If the vehicle was de-winterized during your holiday a US \$150 re-winterization fee will be charged by Apollo Motorhome Holidays if the RV is returned non-winterized when the temperature is 35 degrees Fahrenheit or below.

You will be fully responsible for any damages to the plumbing and water systems caused by freezing during your trip.

### Holiday Disruption Coverage

Should your motorhome holiday be disrupted by a mechanical breakdown as defined below (which does not extend to accident or damages caused by you), for more than 48 working hours after reporting to Apollo, you will be reimbursed up to a maximum of the nightly rental rate for each night affected until the problem is rectified. Failure of mechanical and accessories which includes living cabin air conditioner, water pump, shower/toilet, refrigerator, stove/grill must be assessed by a branch or authorized repairer. Reimbursement is only possible when Apollo has been contacted to rectify the problem and you cooperate to do so. Failure to notify Apollo acknowledges that the issues are of such a minor nature that you make no claim for loss of time in respect of your rental. Defects and repairs of Wi-Fi, travel devices, radio, TV, CD or DVD player, cruise control, etc. are not considered mechanical breakdowns and are excluded from Holiday Disruption Coverage.

The following conditions result in the compromised performance of accessories and as such Apollo will not be held liable for financial compensation:

- Air conditioners in temperatures over 97 degrees Fahrenheit
- Electric and Propane Gas heaters in temperatures under 40 degrees Fahrenheit
- Freezing of water pumps in temperatures below 36 degrees Fahrenheit

### Powered Site Bookings

Powered sites can be difficult to manage during high season. We recommend guests make a reservation for at least a 33ft RV, irrespective as to the size of the motorhome reserved, to avoid problems due to possible upgrades.
