- For available products and vehicle specifications please visit our website at www.apollorv.com
- Rental nights are calculated on a 'per night' basis.
- Rates are in US dollars and do not include taxes
- Not all rates and terms apply to group bookings. Group bookings consist of four or more RVs travelling together and should be directed to info@apollocamper.com
- For ease at pick-up please specify the correct number of guests (and ages of children if applicable) and contact details on your booking.

Multiple Rentals

We love to reward our long-term road trippers so consecutive rentals within a 3-month period, in Canada, the USA, Australia, New Zealand, the United Kingdom or Europe with any of the Apollo Motorhome Holidays brands can be combined to obtain a long term 5% discount on the flex rate. Multiple rentals are considered separate rentals under the one-way fee and minimum rental period conditions.

Driving License/Driver's Age

Minimum age is 21. Only drivers listed on the contract can drive.

All drivers must possess a driver's license valid for the entire rental period

If the driver's license from the Guest's own country is in English, an International license is not required. If the license is in a language other than English, we recommend that Guests have an International Driving License, together with the license from their own country. For translation purposes, an International Driver's License will ensure ease of use in the United States. Please note that an International License is not valid on its own for driving in the USA. The International License must also be accompanied by a valid driver's license issued in their own country.

Long Term Discounts

Guests who love road trips as much as we do, and travel for more than 21 nights receive 5% off daily rates. This is also available to Guests with multiple bookings across Apollo or Apollo brand bookings. This discount is combinable with Early Booking offers but not combinable with relocation or special offers.

Early Bird Discounts

We like to reward early bookers, if applicable Early Bird discounts will be offered automatically at time of booking. Early payment is not required to apply the Early Bird Discount. Early Bird Discounts can be combined with the Long-Term Discounts.

Booking Alterations

At Apollo we understand that sometimes things change. If this is the case, any changes made to a booking will be calculated by using the higher one of the two rates, either the original flex rate or the Flex Rate current at the time of the booking alteration.

The following are classified as booking alterations:

- Change of name
- Change to pick-up or drop-off dates
- Change pick-up or drop-off branch location
- Change of RV category
- Change of rate scheme including special rates

If the rate scheme or RV category is changed, it is considered a new booking and cancellation fees may apply to the original booking.

If there are any last-minute alterations made within 14 nights of pick-up, we will be happy to accommodate these (subject to availability), however due to the short notice, if the booking duration is shortened, the number of nights originally booked will be charged for.

There is no refund for late pick-up or early return of the RV.

A change of location fee may apply if the collection or return location is amended within 14 nights of RV pick-up or if notification occurs during the hire.

Change to drop-off location after pick-up

If you wish to change your drop-off location after pick-up, you should get in touch with our friendly reservations team who will be happy to help. Our team will advise you if this is possible and if a change of location fee applies. Any fees would require immediate payment.

Extending a Road Trip

If you get swept up in the adventure of a road trip and want to extend your booking whilst on the road, you should first contact our friendly Reservations team who will be happy to advise if the extension is possible, and the costs associated. To secure an extension, the extra costs (calculated on the current rate of the day), will need to be paid by credit card, either over the phone or at an Apollo/StarRV Branch at the time of extension. Of course, any long-term discounts in place, will continue to apply to the booking.

We will always do our best to accommodate any extensions however it is subject to availability of our fleet.

Change of RV

We understand every Guest's needs are different and therefore our RV's can be requested by category, however not by make or model. We always do our best to accommodate requests; however should the booked RV not be available due to unforeseen circumstances we will substitute the booked RV with an alternative available at the time of pick-up, at no extra cost. Any changes to the booked RV and agreed to by or requested by the Guest do not entitle the Guest to a refund.

RV Check in

To improve our guest experience and enable Guests to get on their road trip as swiftly as possible we require online check in to be completed prior to arrival at check in at www.apollocamper.com/registernow

Guests who arrive without having checked in online will be required to check in online at the branch. This process will provide guests with all the necessary documentation, terms & conditions, insurance policy etc. which they can review at their leisure prior to picking up their vehicle. We are certain this will allow guests to be more relaxed on day of pick up and ensure a more enjoyable pick up experience, rather than having to digest a lot of detailed documents.

On arrival at their station, Guests will complete the rental agreement, view the damage report, and pay the security deposit by credit card. If any additional items are required, these can still be purchased prior to the completion of their documentation.

- Guests will then be taken to their RV and complete the demonstration process including watching our "How to" video, undertaking a self-guided tour.
- A member of our Guest Services team will be on hand to help and answer any questions they may have.

Apollo Connect App

We encourage you to download the Apollo Connect app prior to starting your vacation to help prepare for your RV road trip. You will watch a wider selection of videos: Safe Driving, Demo video and how-to RV demos, along with many other trip planning tools for your upcoming Apollo adventure.

A personal show-through is also available should you wish this.

Guest Guides

At check-in each booking receives a Guest Guide for your vehicle type. The guide is a step-by-step handy guide containing all you need to know about your RV. It’s a helpful reminder of all the elements covered during the Quick Start Guide but remains with you for the entire duration of your vacation and it’s free to take home with your holiday memories. The Guides are available in English and German.

RV Collection and Return Times

You must phone the pick-up branch either on the day prior to collection up to 4pm or on the morning of pick-up after 8am, where you will be informed of your designated pick-up time.

You are advised against turning up without confirmation of your pick-up time, as this can result in a frustratingly long wait.

Pick-up & Drop-off times are outlined below:

Dates/Hours for Pick-up and Drop-off	01 April 2021 to 14 June 2021 and 16 September 2021 to 31 March 2022	15 June 2021 to 15 September 2021

Late return outside of branch hours incur a US\$150 per hour charge and can only be organised directly with the branch.

Returning the RV

The RV is your home away from home and for comfort, we recommend it’s kept tidy throughout the road trip. The RV’s need to be returned to the branch as they were collected, with the interior cleaned and holding tanks emptied. The RV exterior does not require cleaning unless it’s covered with excessive dirt or mud, making it difficult for our team to see its return condition. You will be able to purchase at check-in, a cleaning service to reduce the final cleaning burden if you wish. Fees will apply if the RV is not returned in the required condition.

Booking duration

A road trip allows you to travel at your own pace. To ensure you get the most out of your holiday a minimum 5-night booking period applies when pick-up and drop-off are from the same branch location. Vehicles can be dropped off earlier, but the minimum payment is 5 nights.

Higher minimum booking periods may also apply during peak periods.

One-way Bookings

Road-trips don’t always finish where they started, some of the best adventures don’t. If a Guest drops-off at a different branch location from which they picked-up, a minimum booking period and one-way fee applies. The minimum booking periods and fees in \$USD for one-way bookings are detailed below.

Travel Restrictions

Not all RV’s are suitable for all driving situations, so it’s important that the right RV is chosen for the travel planned. Apollo/StarRV at its discretion may restrict RV travel in certain areas due to adverse road and weather conditions, and the distance to nominated destinations in relation to the length of the rental period. For the safety of Guests, the following travel restrictions are in place:

- Travel to Death Valley is limited to the low season (September 15 through May 15) due to extreme temperatures & road conditions.

- Travel on the Dempster Highway in the Yukon is not permitted between 15 September and 15 May due to road conditions. We are happy for our Guests to travel on this road between 16 May and 14 September.
- Travel to other remote areas not mentioned here may be possible, only if written permission is obtained from Apollo prior to travel.

Urban Travel Restrictions

Campervans and Class “C” RV’s cannot be driven to Manhattan due to parking and vehicle height restrictions. Vehicles carrying propane gas are not permitted in Manhattan or to travel in underground or underwater tunnels.

Parking of your vehicle is **prohibited** in the greater metropolitan areas of Montreal and Ottawa. This includes all pay parking lots, hotel parking lots, side streets, malls, etc. To travel into these areas, park your vehicle at a campsite and use public transportation, taxi, etc. In the event of a theft that occurs in the Montreal or Ottawa metropolitan area, the Guest is responsible for \$7,500.

Guests assume all responsibility for any expense or loss of time while traveling in restricted areas.

Prohibited Travel Areas

The below roads/regions are always prohibited:

- Logging and non-public roads
- Any and all unnumbered roads and highways

Repairs

We understand that while on holiday the RV may require small repairs or small items included in the kitchen kit may need replacing. So not to disturb the road trip any further, if you did not cause the damage, repairs up to US\$100 can be completed without authorisation and will be reimbursed on presentation of the receipts at time of drop off. If repairs over US\$100 are needed, the Apollo On-road team needs to be informed prior to the repair being completed. All RV’s are covered for 24/7 Mechanical emergency roadside assistance.

Infringements, Tolls and Fines

Apollo/StarRV will pass on any charges received for traffic infringements, toll way or parking fines during the road trip. If you pay these fines immediately and provide proof of payment, there will be no additional administration fees. However, if you delay in paying the fines we reserve the right to charge an administration fee.

Animals

We are happy for you to bring a pet dog or cat on vacation in our RV for a fee of US\$300 (maximum 2 pets per RV). Service animals can travel in our RV’s free of charge with prior permission.

We ask you to tell us in advance that you wish to bring your pet and to ensure your pet does not cause any damage to the vehicle.

Should additional pet cleaning be required at drop off, additional cleaning charges will apply.

Smoking

Smoking is not allowed in our RV's. A penalty of US\$500 will be imposed for smoking inside the RV to cover the costs of sanitizing and cleaning.

For security reasons, Apollo will only accept credit card or debit card for rental charges paid on RV pick-up or drop-off. Cash payments will not be accepted at rental branches. The Security deposit on the RV is also payable at time of booking. We accept: Visa, Mastercard, American Express, & Diners Club.

Travel Insurance

Apollo/StarRV strongly recommends that you take out the highest level of personal Travel Insurance to cover and protect you from unexpected circumstances on your vacation.

Public Liability Insurance

Public Liability Insurance is included in the nightly rental rate. Apollo is insured for damages to third parties and/or their property. The public liability insurance that covers the registered drivers is only up to the statutory limit as stipulated by law of the State you are in at the time. This insurance amount is normally very low.

Supplemental Liability Insurance (SLI) – US\$10 Net per night (\$US13 Retail)

Optional SLI provides guests with an increased limit of liability protection for 3rd party damage claims up to US\$1 million.

Collision damage waiver is not available in the USA.

Standard Liability

1. Guest's Responsibility and Apollo's Insurance Coverage

Guests are responsible for all injury, damage or loss of any kind they cause to others or to others' property during the rental period, regardless of whether any claim for loss was reported to any law enforcement agency or insurance company, and regardless of whether any determination of fault or no fault is made by any law enforcement agency, insurance company, court, government agency or other forum. The guest is also responsible for the cost of business loss of use the period the RV is unavailable due to repairs in cases of negligence. Apollo maintains third party liability insurance for Bodily Injury or Death and Property Damage for the minimum financial responsibility or compulsory limit in the state where the accident occurs. Said coverage only applies if the renter or authorized driver listed on the rental agreement or other Guest has no applicable insurance or self-insurance, whether primary, excess, or contingent.

UNLESS REQUIRED BY LAW, APOLLO'S POLICY DOES NOT INCLUDE NO-FAULT, SUPPLEMENTAL NO-FAULT, UNINSURED/UNDERINSURED MOTORIST COVERAGE OR OTHER OPTIONAL COVERAGE. Any Guest that is involved in an Incident will have their deposit held (to the maximum charge listed below), for a minimum of 60 days or until the Incident claim is closed. The Guest is responsible for the maximum charge detailed below where expenses include, but are not limited to: towing, storage fees, damage to the Apollo Motorhome vehicle, damage to third party property, injury claims, insurance adjuster fees, and legal fees, including attorneys' fees and costs. As the weather in parts of the USA can be unpredictable, Apollo will winterize their units as the temperatures start to drop into the freezing zone. Once the RV is winterized, no water can be put into the fresh water tank and it cannot be hooked up to the water supply. Therefore, no water is available in the motorhome.

It is your responsibility to have the RV winterized while on a trip at their own expense should the weather conditions require. You are also financially responsible for having the RV re-winterised on the return trip if the RV was winterized at the time of pick-up. A US\$150 re-winterization fee will be charged if the RV is returned non-winterized when the temperature is 32 degrees Fahrenheit or below.

You are fully responsible for any damages to the plumbing and water systems caused by freezing during their trip.

Responsibility

If, for any reason beyond the company's control, the reserved vehicle is not available, Apollo/StarRV reserves the right to substitute a vehicle of equivalent value or offer a higher rated vehicle at no additional cost. Should a lower rated vehicle be substituted, the company's only responsibility is to refund the difference between the two vehicles. Although this is infrequent, accidents or mechanical repairs may force substitutions.

Fuel

Apollo/StarRV makes no representation as to fuel consumption. Vehicles are supplied with a full tank and should be returned with a full tank. If you return with less fuel than on departure, you will be charged for that amount of fuel. There is no refund if you return with more fuel than on departure.

Powered site Bookings

Powered sites can be difficult to manage during high season. We recommend Guests make a reservation for at least a 33ft RV, irrespective of the size of the motorhome reserved to avoid problems due to possible upgrades.
